<https://fullsnacker.github.io/>

Full-Stack developer with over 5 years of experience using the MERN stack. I consider myself a self-learner, I love to learn and test new technologies. Currently learning Next.js. I'm looking for a remote position as a React.js developer.

EXPERIENCE

ArtdeCode, Full-Stack Developer — *apr, 2020 - present*

- 50% of time reduction implementing CRM solutions through processes automatization.
- 30% rise of work-quality from the development and analysis team by developing a new framework based on React.js.
- 40% improvement within CRM functionalities through new modules (Invoicing, Claims, Notifications).

Tech stack: MongoDB, Express.js, React, js. Node. js

Roemmers, Desarrollador Full-Stack — *jan, 2019 - mar, 2020*

- Developed an AR App to help people read medicine information without the product package. This App is currently available for both Android and iOS.
- 20% time reduction for doctors in the delivery room by developing a mobile App for pediatric medical use in Flutter that allows doctors to make a digital report of newborn's data
- **Tech stack:** C#, Unity, Flutter.
